PAYMENT METHODS

MOBILE NETWORK COVERAGE/SIGNALS/WIFI – please read:

The venues chosen for our longstanding Outdoor Country Craft Shows are known to provide difficulties with signal reception (GPRS/4G/Mobile etc). We are aware that many payment options require good reception; however GPRS/network signals are out of our control. Should you need advice/have any questions or concerns, we recommend to check with your network provider (most providers offer a signal map on their website) and/or contact the provider who issued the payment device you are planning to use.

We do provide free Wi-Fi at this event, however please do make sure your card machine can work using WIFI and not just GPRS signal.
